Delaware Business License Number: _____ NAICS Number: _____

1. How did you learn of the availability of the technology?
2. Title of the DEDO patent or patent application.
3. Patent or patent application number and DEDO patent docket Number and issue date (if known)
4. Field(s) of Use in which the applicant intends to practice the technology.
5. Country(ies) in which the applicant intends to manufacture any products embodying the technology.
6. Country(ies) in which the applicant intends to use and/or sell the technology.
7. List all licenses previously granted to the applicant under federally-owned inventions; or other Intellectual Property Programs. Please attach responses to items 9 and 10 as well as any additional information that you believe will support the grant of the requested license. This information will be treated as proprietary.
8. A description of your current business, including products or services successfully commercialized, annual sales, number of employees, whether or not applicant is a small business as defined in Public Law 85-536 (15 U.S.C. 632) or other relevant information.
9. A detailed description of your plan for development and/or marketing of the technology, including:
 - a. How long it will take to bring the technology to a point of practical application and thence to the marketplace. Include an estimated date of the first commercial sale.
 - b. The amount and timing of anticipated capital investment and other resources required.

- c. A description of applicant's capability and intent to fulfill the development and/or marketing plan. This should include a description of the manufacturing, marketing, financial and technical resources available to applicant and how they will be employed to carry out the plan as well as pro-forma financial projections indicating product price and annual sales volumes.
- d. Describe the nature and status any third party relationships crucial to commercialization including, but not limited to other licenses required, sublicenses of the licensed DEDO technology invention financing, research, marketing distribution and manufacturing.

10. Explain specifically how the technology claimed in the requested patent applies to your business plan.

11. To the extent permitted by Delaware's Freedom of Information Act, all information contained in this application or obtained by DEDO in investigating or considering this application will be kept confidential, except for disclosure to the staff and attorneys of DEDO.
